Official Newsletter of The Lighthouse

August 2021 Issue #21

I am amazed by God's provision as He continues to bless the work of our ministry through The Lighthouse. I am reminded in Isaiah that God's ways are higher than my ways, His thoughts higher than my thoughts. As I reflect on the history of The Lighthouse, I can absolutely say that His ways are higher than my ways, His thoughts higher than my thoughts. What I envisioned for the ministry almost 8 years ago is quite different from where God has brought us today. For this I am grateful, recognizing that "the heart of a man plans his way, but the LORD establishes his steps" (Proverbs 16:9). It has always been my desire to faithfully follow where the Lord leads; thus, it is with great excitement that I share with you where He is leading the ministry next.

God has blessed us with an incredible opportunity to open a Community Center, located within walking distance from our Transitional Living Center on Hobson Road. Last year, we sadly turned away 159 people who were seeking to be placed in our Transitional Living Center. With this new Community Center, The Lighthouse will have a place where individuals can receive immediate help while waiting for a bed. In addition, The Lighthouse will be able to expand its ministry to our neighbors and those in our community by offering a food pantry, free biblical counseling, support groups, and so much more. Praise the Lord for His continual blessings. Thank you to our faithful supporters. Your prayers, acts of service, and generous giving to a grass roots organization like The Lighthouse enable us to continue doing the work and ministry God has called us to do. I invite you to continue to support our work as we take this step of faith and follow after God.—

## Welcome Michelle Hubble—New Program Director!

Michelle comes to The Lighthouse with a heart for the ministry: reaching the hurting and broken with the hope of the gospel. The Hubble family has been a part of The Lighthouse for many years. Michelle formerly interned under Brandon and has sat on our Advisory Board. Her husband Darin has also served on the Board. Experienced in the field, Michelle was the director of a women's recovery home in another county. Her work there directed her passion toward Biblical Counseling. Michelle has attended 6 years of Biblical Counseling Training, and she is currently working on her certification. Michelle will oversee our Transitional Living Center as well as groups for the residents and counseling groups for the community. In addition, she will manage our NEW Biblical Counseling Outreach. We could not be more excited to have Michelle on our team. Her passion, drive, and vibrancy for Jesus are just a few of the gifts that she will use to serve those we help through The Lighthouse.
