

What You Can Expect...

While your loved one is in the program:

- 15-minute phone calls can be made between 5:00-8:00p (as time allows), so don't be surprised by a number you don't recognize – your loved one will be using our phone.
- You can visit on Sundays from 3:00-5:00p.
- Items that may be needed (medication, individually wrapped snacks etc.) can be brought in and dropped off at the desk anytime throughout the week.
- We would love to have you join your loved one (and us) for Chapel on Friday's at 7:00p, plan on staying after to enjoy a meal together.

Once a "release of information" is signed by the resident, we would allow you to check in to see how your loved one is doing or simply reach out to let us know how we can help you while your loved one is here.
